## **HAPPY SUMMER FROM THE OFFICE OF THE ARTISTIC DIRECTOR**

This will be the busiest summer for the company since ... well... ever. I am excited to continue the tradition of the company and continue to present live theatre in Manitoba for families to enjoy - I hope that you will join us.

The summertime to me has always been about live theatre and celebrating the richness of live theatre in Winnipeg. The 2017 Winnipeg Fringe opens in just about one month from today - and we can't wait to be back at the Fringe and for the first time live in the official Kids Venue producing my favorite show "Hyronomous A. Frog". I love this show because it is rich with humor, and lots of fun that all audience members, regardless of age can enjoy together. Then catch us on the road in Gimli - presenting an Encore Presentation of "The Mousetrap" by Agatha Christie.

We hope that no matter what you are doing this summer, we hope that it's full of fun and memories and above all we wish you and your family a safe summer season.

**See you  
onstage.**
